PRESIDENT'S LETTER

I appreciate the confidence and trust you have placed in me by electing me President of NAFA this coming fiscal year. In accepting this honor during the business session of our Second Annual Convention in Detroit have pledged to do everything in my power to continue carrying on the aims of the Association as so ably performed by my predecessors. To do this all your new officers need and earnestly solicit the help and cooperation from every member, as it is only by such 100% cooperation can we succeed in our goal of fulfilling the objectives as set forth in our Code of Regulations. The local Chapters being formed in the major cities throughout the country have contributed and will continue to contribute greatly to the success of our Association. If you do not now have a Chapter in your city would suggest you contact any of the Officers for their suggestions and help in forming such a Chapter, as local monthly meetings of Fleet Managers in the same community have proven to be highly beneficial in the performance of their duties.

For those who were unfortunate in not being able to attend our Second Annual Convention would like to briefly report it was a huge success with three full days of informative working sessions. A full report on as many of these sessions as can be edited will be reproduced in our monthly Bulletins.

Our thanks and appreciation to all members who worked so hard and diligently arranging such a wonderful convention program. Our thanks and appreciation also go to the five automobile manufacturers and their executives for their cooperation and the many contributions they made in the sessions.

Very truly yours,

C. B. Whitaker
