## NAFA ANNUAL MEETING, AN ASTOUNDING SUCCESS

Members who attended the first annual meeting of the NAFA in Detroit on March 11th, 12th and 13th were amazed that so young an organization could show such virility and provide so much valuable information to its membership. Over three quarters of the members attended.

So great was the enthusiasm during the four shirtsleeve working sessions, a separate suite had to be provided where more informal discussions could be carried on during the evenings. Most of the members took advantage of this on both Tuesday and Wednesday nights.

The manufacturers who sponsored luncheons, a cocktail party and a breakfast were extremely gracious hosts. Each contributed information to the group as well as costly comestibles.

## ELECTION OF OFFICERS

With a deep bow to the retiring officers for their efforts and guidance, the Bulletin announces the new slate:
