PRESIDENT'S LETTER

Our Fourth Annual Conference is now a part of the Association's history! Rightfully, it has taken its place as one of the most successful conferences ever staged by NAFA. Attendance was at an all time high and it appears that the interest generated on everyone's part will continue to spark enrollment in the organization.

More congratulatory letters and remarks are being received every day in regard to the tremendous job that was done by your General Conference Chairman, MR. WALTER LANGSEDER. We, in turn, should express our appreciation to him and his Chairmen for the efficient job of planning and coordination. To each, a heartfelt thanks from every member of NAFA!

A note of appreciation is also due to our many friends and speakers who partook in the Conference, many of them in the automotive industries. Also a sincere thanks is due to the manufacturers who were hosts at the many sponsored affairs. Their interest in our annual Conference is indeed gratifying.

We now look forward to a new year in the Association's history. With a new reign of officers in hand, it is sincerely hoped that we will be able to forge ahead to new and greater goals. I, as your new President, wish to assure each member again that everything within my personal ability will be done to foster the aims of the Association during the coming year.

We have attained very satisfactory goals under our past administration and we want to continue that record. I call on each and every member to give their due and undivided support to achieve that aim. If you will, I am certain that we will have a record of which we will all be proud! Together we can do it!

Sincerely,

Lee A. Westberg
President—1961-1962
